Community Job & Resource Fair

Second Chance's annual community fair is part of a two-day event to assist our community with employment and community resource information and volunteer opportunities. The Community Job & Resource Fair provides an opportunity for employers and service providers in the community to promote employment opportunities and services. Second Chance is a San Diego philanthropic organization dedicated to changing lives. Our core program, the STRIVE job readiness class, helps people become those employees. The job placement assistance, case management, mental health services and affordable housing we offer support these employees as they transition to self-sufficiency. We invite you to contribute to the process by participating in the fair. For more information about acquiring a booth or becoming a sponsor, please contact Rebecca Williamson at 619-234-8888, ext 123.

DATE: Friday, May 15 2009
TIME: 1:00 PM
LOCATION: 6145 Imperial Avenue, San Diego, CA 92114
