Ringling the Bell

June 2022 E-Newsletter

Special Delivery!

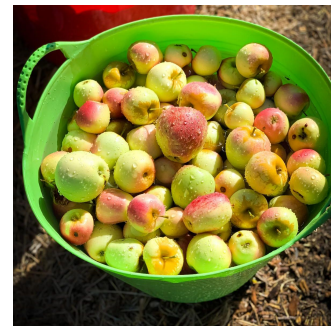

Early in the morning on June 15, Amazon Logistics area manager Ladonna Wingfield and her team delivered eight dryers and three washers to the sober living houses. "We are so grateful for these appliances," said Senior Housing Manager Alex Macias. "We are also so glad to have started this incredible relationship with Ladonna and her team!"

Second Chance counts on dedicated employer partners, who hire hundreds of Second Chance graduates every year. We recognize their efforts in providing opportunities for the people we serve, and this month's spotlight is dedicated to Employer Partner, **Framing**

Associates.

Debra McDowell, CEO of **Framing Associates**, has been a valued partner of Second Chance 's over the years. JRT grads employed at **Framing Associates** have adapted new skills, worked diligently and shown pride in what they do.

One participant, Jose Barreto, went from a laborer, picking up scrap material and knocking off bracing with a hammer, to present day being an apprentice carpenter. “Mr. Barreto performs such work as most skilled carpenters do with decades of experience. It’s amazing how Mr. Barreto can perform any task thrown his way!” said McDowell.

Thank you, **Framing Associates**, for giving career opportunities to our participants and providing them with the knowledge that a great company believes in their success!
